

## RAILWAY MEN ARE DEMANDING INCREASED PAY

Montreal.—Wage negotiations involving more than 39,000 men and wage demands ranging from 10 to 12 cents an hour, confront Canadian railways in the opening weeks of this year. One party is proceeding, another is disposed. The subject of a board of conciliation proceedings and another negotiation will follow in due course.

Negotiations opened around the request of \$5.00 maintenance-of-way men or 10 cents an hour for an increase of 10 cents an hour.

Three representatives of the men are meeting the wage committee of the Railway Association of Canada on this matter and certain working conditions are also the subject of discussion.

Other workers involved include: 25,000 rail shippers employed on all Canadian lines, asking an increase of ten cents an hour.

18,000 Canadian National Railway workers, porters, stable boys, freight shippers, etc., seeking a ten cent increase for hourly, round men and \$3.00 monthly rated men.

6,000 railway and steamship clerks employed by the Canadian Pacific Railway, requesting wage increases and changes in working conditions. Their request now is before a board of conciliation.

500 Canadian National Railway sleeping, dining and parlor car service employees, requesting a wage increase of approximately 12 per cent.

The pressure for wage increases by the various classes of railway employees follows as compensation on wages Canadian National Railways with confection by the Canadian Pacific and directors and trainmen which averted a strike.

In a statement then issued, the railways expressed the realization that the wage concessions then made might make inevitable cancellation of requests of other classes for increases.

### Welcomes Investigation

Hon. Chas. A. Duncan Issues Statement on Cancellation of Vancouver Hotel Contract

Ottawa.—Hon. Charles A. Duncan, Minister of Railways and Canals, was compelled to postpone his investigation into the matter of compensation into the amount to be paid for cancellation of a contract for expenditures on a hotel to be built at Vancouver for a sum of \$5,000,000 Canadian National Railway hotel in Vancouver. The contract was authorized by the late government and was later cancelled by the present administration. Statements made in Vancouver by Mayor L. D. Taylor blaming the minister personally for the cancellation of the contract, has led to an exchange of telegrams. The minister issued the following statement regarding the hotel contract cancellation:

"After a diligent parliamentary investigation the minister has learned that the Vancouver hotel contract, authorized by the late government, and I will be glad to take the responsibility as minister of railways for recommending such cancellation to the Government."

"Regarding the future, the president and board of directors of the railway company have not yet recommended provision for construction of a hotel in Vancouver in 1927."

"The mayor's intimation of un-

worthy motives is scarcely creditable

for the part of the chief executive of a great city and is unworthy of an answer."

### Liquor Mystery

Vancouver, B.C.—Detectors are attempting to solve, on behalf of the federal customs authorities, and the provincial liquor control board, the mystery of the disappearance of a portion of the liquor cargo of the schooner "Erica Moech," which has been held in port here for nearly a month on recommendation of the customs commission which investigated conditions on the British Columbia coast last month, according to a story published by the Victoria Times.

### To Meet at Winnipeg

Winnipeg.—The British Medical Association will hold its 1926 convention in Winnipeg, according to official notification received here. Selection of the Manitoba capital for this important gathering marks the third time that the organization has held its convention outside of the British Isles.

### Was Pirate on Great Lakes

Minneapolis.—Captain David H. Ross, pirate and first mate of the only corsair that ever ravaged the Great Lakes, who 2 years ago died from Detroit, with a price on his head, is dead at his home here.

### W. N. U. 1003

## Will Make Survey Before Choosing Port

Harbor Expert to Examine Both Outlets for Bay Line

Ottawa.—With five and a half million cubic yards of material to move from the channel in Nelson Harbor, with an unknown sea bottom and a general lack of knowledge about Churchill, Frederick Palmer, the British expert called in by the government to advise on the Hudson's Bay Company project, is not expected to make a personal survey. Mr. Palmer has left for England, but will return in time when the Hudson's Bay Internal is more accessible and then go North to conduct his investigation.

Mr. Palmer has made a brief but thorough study of the reports and documentary evidence on the project, officials of the railway department say in a way they have never been questioned before. Mr. Palmer wanted facts, and he got them, knowing by his long experience what facts he wanted. Railway department men declare he knew his job and has a thorough-going manner of making his inquiries.

The fact that Mr. Palmer cannot make his report before next fall at the earliest will not delay his work, it is said. There is much to be done on the railway section already completed, and the time of the road to be effected. The one thing he intends to carry the project to a final conclusion, but will not be stampeded in rushing the work, only to find that it has taken the wrong route, built the port in the wrong place, made the wrong provisions for the ships that will come. It will be sure it is right, then go ahead.

## Radio Telephone Service Is Ready

Over Atlantic 'Phone Uses Mechanism Worth Millions

London.—Proof positive that everything is in readiness for the opening of the transatlantic telephone service between London and New York was provided by the announcement that already the London telephone operators who will be employed to make the connections between London and New York have thoroughly familiarized themselves with the names of all New York telephone exchanges.

Mr. Shaugnessy, the Assistant General Manager of the General Post Office, who is in charge of the British wireless service, has had frequent conversations with New York, all of which were evidently satisfactory.

The values at the other end, he said, "were as clear as a bell." In fact, according to him those talking from New York across the ocean to London might have been in the next room instead of 3,000 miles away.

Mr. Shaugnessy called attention to the fact that since only one transatlantic telephone conversation can be carried on at a time, each person speaking will be heard exclusively for himself or herself.

Reports of anti-Churchill raids in the Yangtze regions and Szechuan are being received daily, the correspondence adds. Missionaries have been malarious, the women insulted and the mission stations looted.

## Palace Air Ship

New Air Line Between Spain and South America to Be Possible

London.—A hotel of the size that will provide every luxury available at the finest hosteries of the world, for persons travelling between Spain and South America is now building at Fredrikshavn according to a despatch from the Geneva correspondent of the Daily Express.

The new air liner will be a dirigible capable of carrying 100 passengers, luggage, crew and mails.

It will be finished in September and will make a number of European trips before being put into the trans-Atlantic service.

### Wheat Pool Official Weds

Regina, Sask.—Archibald J. MacPhail, president of the Saskatchewan Wheat Pool and the inter-provincial settling agency for the western Canadian wheat pool, and Miss Marion Grenfell of Regina were married yesterday at Springfield.

Mr. MacPhail was secretary to Mr. Mathew, when he was holding the position of secretary-treasurer of the Saskatchewan Grain Growers' association.

Presentation to Lt.-Gov. G. Cockshutt

Toronto.—Lieutenant-Governor Harry Cockshutt, of Ontario, at government house was the recipient of a valuable silver gold and diamond ring, a gift of the author of the province's annual address, Sir William Mallock, chief Justice of Ontario, made the presentation and referred in a brief address to the high esteem in which his honor was held by the citizens of Toronto generally.

## French Plans For Atlantic Flight Fail

Funds Needed and Completed Planes Unfinished in West

Paris.—France is lagging behind in preparations for the Paris-New York non-stop flight due to the financial difficulties facing some of the builders and the little success of certain models tested by others.

The Glance Pouhon hydroplane built at St. Nazaire and tried throughout the summer, has been found too slow for cross-channel crossings because of excessive wing drag, while the Monge single-wing flying-boat, which Bourerot hoped to use next summer was never completed due to the builder's failure to obtain funds.

It is now reported that the company which was building an aeroplane for Tarascon has failed and the constructors are looking around for money to complete a trap-Atlantic plane and continue to manufacture planes. This company builds the world's speed record of 488 kilometers an hour.

Whatever may be the result of the campaign, it now appears that the French prospects of winning the Paris-New York prize for 1925 are very slim, although there seems no immediate danger of another country beating them.

The fact that Mr. Palmer cannot make his report before next fall at the earliest will not delay his work, it is said. There is much to be done on the railway section already completed, and the time of the road to be effected.

The one thing he intends to carry the project to a final conclusion, but will not be stampeded in rushing the work, only to find that it has taken the wrong route, built the port in the wrong place, made the wrong provisions for the ships that will come. It will be sure it is right, then go ahead.

## SITUATION IN CHINA ASSUMES GRAVE ASPECT

Dairymen Meet at Saskatoon to Discuss Question

Saskatoon, White forehead, orange-colored as a result of sand-and-fertilizer application, number more than 1,000 in Hankow and the neighboring city of Wu-chang, headquarters of the Cantonese government.

The little foreign colony, 555 miles from the mouth of the Yangtze, is in the midst of a hostile Chinese population of more than 1,500,000. Influential speeches of radical leaders who have denied all alleged wrongs from within the city have suffered at the hands of British and American officials, who will, more particularly, the British, suspicous was expressed here that the Cantonese government leaders were aware of the attacks contemplated upon the British concession before they took place—the suspicion being strengthened by the slovenly with which Cantonese troops went to the aid of the British when the concession was attacked. Not until racing had been proceeding for four hours on that day did the Cantonese troops appear.

The Cantonese government has issued many declarations of its intention to abolish all foreign concessions in China and to end the asserted "perialism" of Great Britain, United States and other foreign nations.

London.—All missionaries have been ordered to quit their stations in interior of China, a Peking dispatch states.

Reports of anti-Churchill raids in the Yangtze regions and Szechuan are being received daily, the correspondence adds.

Missionaries have been malarious, the women insulted and the mission stations looted.

### Taking Census of Russia

Soviet Officials Report 145,000,000 But Returns are Incomplete

Riga, Latvia.—Russia's population at present numbers 145,000,000, according to incomplete returns which

Congressmen of the Soviet Union, who are trying to gather complete statistical facts regarding the inhabitants of the Union of Soviet Republics.

Reports to Reuter's say that the census takers say the population regards them as agents of the devil, working against Christ, whom they believe is preparing to end the world.

### Will Visit Canada

London.—Sir G. Coates of New Zealand, who came here for the Imperial Conference, was a passenger on the Aquitania sailing Jan. 4 for New York. Later he will go to Montreal and thence to Vancouver.

He expects to reach New Zealand in time to welcome the Duke and Duchess of York, who have left for their trip to the Antipodes on H.M.S. Renown.

### Testing Out Oil Fields

Edmonton.—Twelve oil companies either drilling or have sites located in the lithstone district, near the border of Alberta and Saskatchewan. The present year will see this oil field thoroughly tested.

### Killed in Avalanche

Moscow.—An avalanche in the Khaskia district of Siberia has killed 22 miners. The great mass of snow and ice completely engulfed a number of miners' barracks.

### Scottish Lassies for Canadian Homes

This cheery group of young women is only a part of the large number

of domestics that have been brought to Canada this year by the Salvation Army. The Canadian Pacific Lines, through the winter months,

arranged for the transport of

the women to Canada.

Mr. W. H. Smith, chief of the

Salvation Army, said that the majority of them

were from Glasgow and dist.

The Salvation Army have sent 600 girls to Canada this year in accordance with an agreement with the Canadian Government.

## OPPOSITION OF U. S. PRESIDENT TO LARGER NAVY

Washington.—President Coolidge has sought to spike the guns of "bulldog" men in the House with a warning that budget estimates for the defense for the next fiscal year must be cut.

The Glass-Pouhon hydroplane built at St. Nazaire and tried throughout the summer, has been found too slow for cross-channel crossings because of excessive wing drag, while the Monge single-wing flying-boat, which Bourerot hoped to use next summer was never completed due to the builder's failure to obtain funds.

It is now reported that the company which was building an aeroplane for Tarascon has failed and the constructors are looking around for money to complete a trap-Atlantic plane and continue to manufacture planes. This company builds the world's speed record of 488 kilometers an hour.

Whatever may be the result of the campaign, it now appears that the French prospects of winning the Paris-New York prize for 1925 are very slim, although there seems no immediate danger of another country beating them.

The fact that Mr. Palmer cannot make his report before next fall at the earliest will not delay his work, it is said. There is much to be done on the railway section already completed, and the time of the road to be effected.

The one thing he intends to carry the project to a final conclusion, but will not be stampeded in rushing the work, only to find that it has taken the wrong route, built the port in the wrong place, made the wrong provisions for the ships that will come. It will be sure it is right, then go ahead.

## Heavy Hail Losses Paid

Saskatchewan Farmers Receive \$1,259,000 in Insurance During Past Year

Regina.—Payments of hail losses due to the 1926 to 5,300 farmers in Saskatchewan by the Saskatchewan Mutual Life Insurance Association amounted to \$1,259,000, states J. J. Lamb, secretary manager.

The total payment for hail losses at the end of the fiscal year, January 31, 1927, and submitted to the annual meeting of the directors in Regina, was \$1,259,000.

The three retiring directors of the association are: J. J. Lamb, Regina; R. E. Van Fossen, Lumsden; and J. R. Neur, Plankham.

Despite the doubling of the figures of 1926 in comparison with claims and payments during 1925, Mr. Lamb stated that the reserve fund of the association would not be impaired in any way. He stated that while the amount was unchanged, the loss was still the same.

It is expected that the total payment on all losses during 1926 will amount to approximately \$1,275,000. There are still 50 claims pending and ownership of the policies due to them will be decided before they are made.

Attempts to Save Life of Late Czar Disclosed in Records

Leipzig.—Stored away in the winter palace, telegraphic records of attempts made to save the life of the late Czar of Russia and his family during the days preceding their murder were found by research workers today.

Three hundred messages that passed between the Czar and the Kursk region, all of them referring to protection of the exiled Imperial family, were among the documents found. Codal telegrams that referred to Nicholas Lenin have not yet been deciphered.

### Guard Valuable Paintings

London.—Strong police forces are patrolling the galleries of the Royal Academy day and night, protecting the valuable collection valued at £10,000,000 (about \$15,000,000), which has been collected from all parts of the world for a temporary exhibition.

Mr. Ossinsky says, "show illiteracy is increasing in Russia instead of decreasing, and the census takers say the population regards them as agents of the devil, working against Christ, whom they believe is preparing to end the world."

Reports to Reuter's say that the Czarina, Empress Agrippina is substituting a memorandum on the application for an increase in duty on corn and cane syrup. The council also intervened in the application for increase in dues on fruits and vegetables.

It has been received that the Canadian Government's Agriculture is substituting a memorandum on the application for an increase in duty on corn and cane syrup. The council also intervened in the application for increase in dues on fruits and vegetables.

Of the forty applications now before the board one-half are for tariff increases and the other for decreases. The applications cover a wide range of commodities.

There are six cases relating to textiles, and vital interest to manufacturers and gilders, cottons, woollen goods, and similar goods; four of the applications relate to machinery of various kinds such as pumps and pump parts, water wheel governors, small hand sprayers, electric and power plants and so forth; three applications refer to the iron and steel industry; two to food products; two to the pulp and paper industry; three to the rubber industry; twines; white cloths are other products.

There are other products, such as tobacco, magazines, oil, players piano music rolls, furniture, objects of art, the livestock and leather products.

Saskatchewan Liquor Board

Regina.—Increasing the membership of the Saskatchewan Liquor board from one to two, the Saskatchewan government, will seek legislative sanction for amending the Liquor act to provide for the administration being under the direction of the board instead of the executive council.

Girl Inherits \$3 Millions

Somerville, N.J.—Fifteen-year-old Doris Duke, probably the richest girl of her age in the world, is worth \$3,451,000. She is shown in an account of her father, James Buchanan Duke, tobacco magnate.

## HOW EX-SOLDIERS SUCCEED UNDER SETTLEMENT PLAN

Ottawa.—More than 30,000 ex-soldiers have benefited under the Soldier Settlement legislation of 1917 and 1919. Over 24,000 have received direct financial assistance and 6,500 have been given free grant of Dominion land without financial aid.

In a survey covering nearly 9 years of operation Major E. Ashton, commissioner of the Soldier Settlement Board of Canada, gives proportions of successes and failures among the soldiers who took up land.

"The 1926-27 statistics show that the three retiring directors of the association are: J. J. Lamb, Regina; R. E. Van Fossen, Lumsden; and J. R. Neur, Plankham.

Despite the doubling of the figures of 1926 in comparison with claims and payments during 1925, Mr. Lamb stated that the reserve fund of the association would not be impaired in any way. He stated that while the amount was unchanged, the loss was still the same.

The Prince of Wales made his great tour some years ago, has started on their 24,000-mile globe-circling voyage designed to tighten the bonds between the Mother Country and the Dominions of New Zealand and Australia.

The Prince of Wales, Prince Henry and the Duke and Duchess of York, have made the same trip a quarter of a century ago, affectionately known as the "goodbyes" which have passed out of our jurisdiction and are well re-established and are today a credit to the communities in which they live.

## Renown Sails With Royal Passengers

Duke and Duchess of York Start on Long Trip

Pontefract, England.—The Duke of York, boarder the Renown, on which the Prince of Wales made his great tour some years ago, has started on their 24,000-mile globe-circling voyage designed to tighten the bonds between the Mother Country and the Dominions of New Zealand and Australia.

The Prince of Wales, Prince Henry and the Duke and Duchess of York, have made the same trip a quarter of a century ago, affectionately known as the "goodbyes" which have passed out of our jurisdiction and are today a credit to the communities in which they live.

Liabilities Are Smaller

### But Commercial Failures in Canada Show Sharp Increase

Toronto.—A small increase in the number of commercial failures, but a considerable decrease in liabilities, is shown by the report of failures for 1926, completed by R. G. Dun and Company.

With a total of 21,773, last year's failure exceeded by a little more than 2,000, whereas in 1925, whereas an increase of 1,000,000 dollars in 1924, met with a sharp increase of 2,000,000 dollars in 1925, last year's failure was just ended at nearly 2 per cent below the amount for the immediately preceding year. The number of insolventcies in the largest reported for any year since 1922, but the liabilities are the smallest for all years back to 1920.

Make It Easy for Canadians

Washington, D.C.—Following a hearing before the House committee on immigration and a conference with Senator Johnson and also a conference of the Committee on Education, the House of Representatives, passed a bill to amend the Immigration Act to provide for the admission of Canadian citizens who entered the United States between 1906 and 1926 to become United States citizens.

Saskatchewan Liquor Board

Regina.—Increasing the membership of the Saskatchewan Liquor board from one to two, the Saskatchewan government, will seek legislative sanction for amending the Liquor act to provide for the administration being under the direction of the board instead of the executive council.

Girl Inherits \$3 Millions

THURSDAY, JANUARY 13, 1927

DOING A NOBLE WORK  
IN ALBERTA

The Wood's Christian Homes, formerly of Olds, but now of Bowness Park, Calgary, is doing a noble work in Alberta. The institution is a home for orphan children, and here the little waifs are reared under surroundings that are clean, sociable, and home-like. They are given a good school training, and brought up to be good citizens and good Christian men and women.

Wood's Christian Home is conducted by Rev. and Mrs. George Wood. They are the founders of the institution, and accept no remuneration for their services. They are devoting their lives to the rearing of these children who have no homes of their own.

The institution is supported by the generosity of the people of Alberta. Contributions of money and clothing from organizations, societies, and individuals finance the expenses of the home, and up to the present the people of Alberta have given generous support to the upkeep of the home.

The Rev. Geo. Woods will speak in St. Paul's United Church, Coleman, on Sunday, January 16th, and will tell in a graphic manner what this noble institution is accomplishing for the homeless little children of Alberta. A capacity congregation should greet the Rev. Mr. Woods on the occasion of his visit here on Sunday.

WANT SALES TAX ON CLOTHING REMOVED  
—CARRIED UNANIMOUSLY!

The executive of the Ontario Retail Clothiers Association are strongly urging the Dominion government to take the sales tax off clothing. Between nine and ten millions is collected yearly by the Dominion from this tax, which works out at about \$1 per head of our population. The amount paid by each individual is not very great, yet if the government is contemplating further tax reductions, the removal of the sales tax on clothing would prove very popular and benefit every man, woman and child in Canada.

**Resolution of Protest**  
(continued from page one)

In the same period of time 424 persons were sentenced for a total of 224 years of prison solely for political reasons. Beating and torturing of political prisoners in Poland became a common daily occurrence whereby very often entirely innocent persons are tortured in the prisons in a Mid-die-age manner. As an example of this serve the fact that on the 18th of October last an Ukrainian named Vladimir Baran, whom they kept for 15 months in prison and tortured on several occasions to obtain confession was tried by a court at Lomza and during the trial it was found that he was not the same person for whom the police and the crown prosecutor took him.

On the 11th of November last they tried at Lemberg 11 Ukrainian Hetman-peasants, who were kept and tormented for a long time in prison of Kolomea and Lemberg, and at the trial it came out again that six of them were entirely innocent as they did not belong even to any political organization.

But the top of all this oppression is a recent happening in Tarnopol, Eastern Galicia, where on the 8th of November last, the Polish ruling class court sentenced to death by hanging Ukrainian peasant Mychailo Bily. His only transgression was that they found two Communist books on his premises!

When this is being written the Polish court in Vladimiv Voivodina is trying 150 Ukrainian peasants and intellectuals who were kept for a long time in prison. It came to this in Poland that even peasant and workers deputies to the Polish Diet are being beaten by the police at their meetings till they bleed. As per Associated Press despatch of the 10th of December, last two peasant deputies of the Diet threw in jail as the vice-president (acting premier) Baran that own blood stained shirt in which they were beaten by the police.

The Polish subjects are treated with the physical destruction of innocent people whose only guilt is that they belong to the Ukrainian working class but it wants to exterminate the whole Ukrainian nation beginning with the destruction of its culture.

In the years 1911-1912, when Galicia was under Austria, there were in that unfortunate land 2,612 Ukrainian schools but today only 967 are left and even these are Ukrainian on paper only as in all those schools Polish teachers ignorant of Ukrainian language give instruction therein to

Trail Rangers, Attention!

The regular Monday evening meeting was cancelled in order that the members of the Camp might attend the hockey game between the Tuxis boys of Coleman and Blairmore. A special meeting is called for Friday at eight o'clock. This is important as Gordon Lapp, the new C.S.E.T. leader for the province, is visiting Coleman next week. Arrangements for his meetings must be made. Hillcrest Trail Rangers will play the local Camp on Saturday morning.

The Houghton rink have won their section of the McGillivray Cup club competition, and are now waiting for the Bell rink to finish their games. If Bell wins one of his two remaining games, these two rinks will meet in the finals.

Wood's Childrens Homes

Rev. Geo. Woods, founder and superintendent of the Wood's Homes for children will be in Coleman next Sunday in the interests of his work. Mr. Woods is well known here and commands the support of many people in Coleman. He will speak to the Sunday School in the afternoon and will preach at the evening service. It might be well for those intending to be present to be early. If the usual evening attendance is augmented there will be no seats to spare.

A general service medal of the Great War was picked up last week in Carbondale. The medal bears the following name, Sapper A. Heywood, and may be had on applying to the Stewart at the G. W. V. A. club.

Say It With Flowers

When you require flowers artistically arranged for any occasion, at moderate prices, and of unexcelled quality, phone No. 13, THE COLEMAN TRADING CO., LTD., agents for Frache Bros., Lethbridge.

Boys' Hockey  
Begins Satur'd'y

The Coleman boys will try their first experiment in league hockey Saturday, when they open a nine game schedule in both juvenile and midget hockey.

The rink committee have agreed to give the boys the use of the ice every Saturday morning from 9 to 12. The Coleman Elks have also agreed to cover the expenses incurred by the boys in hiring the rink. It is intended to run in the schedule of the Trail Rangers League during this morning session also.

The rink committee is in charge of arrangements for the schedule and regulations is as follows:—Messrs. Watson, Brown, Jones and the Revs. Bevan and McCormick.

It was arranged that the boys should receive free hockey in the hope that every boy, regardless of whether he belonged to a boy's organization or not, would have an opportunity of learning the game and of developing his abilities as a hockey player, if he had any. The committee found it necessary, however, to set forth the following regulations:

Age limit for Midgets is 15; that for Juvenile 18.

A boy must be an accredited member of some team before being allowed to participate in the Saturday play.

Every boy is expected to observe strictly the rules for conduct in the rink that are laid down by the officials.

The schedule for the two leagues is as follows:

Juvenile Schedule

Jan. 15, Outlaws vs. Tuxis A.  
" 15, Tuxis A. vs. Tuxis B.  
" 22, Tuxis B. vs. Outlaws  
" 29, Outlaws vs. Tuxis A.  
Feb. 5, Tuxis B. vs. Outlaws  
" 12, Outlaws vs. Tuxis A.  
" 12, Tuxis A. vs. Tuxis B.  
" 19, Tuxis B. vs. Outlaws

Midget Schedule

Jan. 15, Trail Rangers vs. Scouts  
" 22, W. Coleman vs. Rangers  
" 22, Trail Rangers vs. Scouts  
" 29, Scouts vs. W. Coleman.  
Feb. 5, W. Coleman vs. Rangers  
" 5, Scouts vs. W. Coleman.  
" 12, W. Coleman vs. Rangers  
" 19, Trail Rangers vs. Scouts  
" 19, Scouts vs. W. Coleman

# The Peace River Country. Now Attracting Attention, Is The Last Great West

Wheat from Peace River won premier honors in hard, red, spring wheat at the recent International Exposition at Chicago, and the victory again focused Canadian eyes on the Peace River country. It is a fact that the possibilities of the western prairies were themselves sound in earlier days, to the later finding of the steppes, a similar inflation has been apparent in Peace River. The doubters, however, must now perform their part and add their voices to the acclaim of that country as "the last great West." But even that description must be subject to reservation. For who knows but that with the march of science and invention, still more remote fields may not remain to be conquered and the thin line of wheat pushed nearer the Arctic wastes.

The people of the Peace River call their country "The Empire of the North," and no apter or more justifiable title was ever bestowed on a pioneer land. Once the world has fully grasped what it includes, more settlers will find their way to this splendid tract and the movement will hasten when better railway facilities are provided. The time is ripe for step towards increasing the outside world with the attractions and potentialities of the Peace River Valley is for Canadians in other parts of the Dominion to make themselves familiar with these.

Romance saturates the story of the Peace River district. To read about it liberates deep impulses. One wants to see it, and breathe its bracing air and touch its fertile earth, to taste the life of those who live in so favored a frontier of civilization. It is the writer of the world's records as a "veritable wonder." And it is Canada's. The future of the region is assured. One day it will be thickly settled, with line cities dotting the cultivated expanses of farmland. But the people of Canada as a whole and the people of Eastern Canada especially must learn of its present needs and its future promise before that dream can be realized.

The immediate needs of the country are for more roads, factories and more settlers. Then more people will go there. No scanner for a farming career under splendid conditions, can resist its call. Perhaps it is the last great west—the land of peace in name and nature—and its advances to prosperity and greatness cannot be prevented.

## Profitable Wheat Crop

**Garnet Wheat Brings Good Returns to the Grower**

T. A. Buhn, a soldier settler in the Lethbridge district, north of Prince Albert, Saskatchewan, seeded 12 acres to Garnet wheat in the spring of 1926. This field yielded 61 bushels to the acre, a total of 768 bushels of No. 2 Northern, which he sold as it came from the threshing at \$2 bushel, netting a total of \$1,526. The wheat was grown under normal conditions. The remainder of Mr. Buhn's wheat crop, which was of Ruby variety, yielded over 20 bushels to the acre.

Garnet wheat is a recent discovery by the Canadian Government Central Experimental Farm at Ottawa, and its outstanding points over Marquis wheat, also a discovery at the same farm, note the principal spring wheat grown in North America, are: It matures from seven to ten days earlier; it stands dry weather better; it stands excessive moisture better; it is more immune from rust and mildew; it will, if expected, extend the wheat line 75 to 100 miles further north and open a new wheat field 900 miles from coast to coast—an area of 10,000,000 acres.

**Protecting Warsaw Banks**

Poland awoke on the first business day of the New Year to find 20 of its banks closed by Government order, because they lacked the required paid in capital of 1,000,000 zlote—\$10,000. The provision as to the exact amount of paid in capital is part of the Finance Minister's compact, unsealed "muss-hrown" banks.

"Doesn't your wife make you something like this one?" asked one jolly good fellow of the other as they rolled homeward after the festivities.

"Well," replied the other, "now often she can throw pretty straight for a woman."

## New Zealand Repeats Order

### Second Shipment of Lacewing Flies Sent From British Columbia

Five thousand lacewing flies from the Okanagan country were shipped to New Zealand recently on the steamer ship Aspinwall.

In New Zealand the larvae of the lacewing fly is used to control the aphid, or green fly, most destructive pest known to the islands.

Several unsuccessful attempts were made to import lacewings into New Zealand before British Columbia was invited to send a shipment last year as a sort of experiment. On the previous occasion due to faulty packing the flies died before reaching the port of entry, but this time the Columbia flies were apparently none the worse for the sea voyage and as soon as they were liberated in New Zealand they promptly proceeded to annihilate the hosts of the aphid. Their good work led to orders for more of them this year.

## Lethbridge Irrigation District

### Steady Colonization Program Results in Good Settling

Eleven cars of settlers and effects moved from Foremost to Turin in the Lethbridge Northern Irrigation District, on December 8th. They were well supplied with livestock, equipment and household effects. This movement into the big irrigation area north of Lethbridge is only an outstanding feature of a steady colonization program that has been actively underway for some time. Since August, 1925, 325 families have been placed on Lethbridge Northern farms and in practically every case they are happy and prospering.

## IDEAL Fashions by Janette Hamilton

An Effective New Frock

Charm and grace are admirably combined in this delightful frock. The two-piece skirt is tailored to fit the figure, having a bias at each side. The original application of lace or contrasting material is effectively used on the bodice, skirt and cuffs making a distinctive feature.

A wide encircling belt fastened with a buckle at the front, and buttons adorn the bodice front, thereby giving the much wanted effect of a trim. The bodice is misses and is in sizes 16, 18, 20, 22, 24 and 26 inches bust. Size 22 requires 3½ yards 39-inch material, and 1½ yards 39-inch trimming. 20 cents.

The design illustrated in our new Fashion Book are advance styles for the coming season. The book is a must for every girl who desires to wear garments dependable for taste, simplicity and economy with full instructions filled in our patterns. Price of the book 10 cents the copy.

## Canada Imports More Shoes

### And Experts for Last Year Show Small Decrease

Canada imported \$262,776 worth of footwear during November, 1926, as compared with \$264,294 in October and \$157,506 for November, 1925. The total imports for the 12 months ending November, 1926, were \$2,217,027, as compared with \$2,138,472 for the corresponding period the year before.

The total exports of Canadian boots and shoes in November, 1926, were \$31,054 in October, \$46,634 in November, and \$17,500 for November, 1925. The total exports for the 12 months were \$176,225, as compared with \$129,963 for the previous 12 months.

United States sold Canada the most footwear in December, and also was that country's best customer. Canada imported \$125,713 worth of footwear (exclusive of rubber) from the United States, and sold that country \$25,932. The United Kingdom sold Canada \$10,595 worth, and bought \$8,964 worth from this country. New Zealand was the third best customer, buying \$8,801 worth.

## Washington Settlers' Success

### Finds Western Canada Offers Good Opportunities for the Worker

Eleven years ago Ernest Munsterman came from Colon, Washington, U.S.A., and filed on 160 acres of home stead land at Rosedale, Alberta. He had only \$150. How successful he has been in Canada is indicated by the fact that he now owns 700 acres, 650 of which are under cultivation and he has a good team of horses and a team of cattle, plus a full set of equipment. He values his property at \$25,000. Mr. Munsterman, in a letter sent recently to the Edmonton, Alberta, Board of Trade, states that he would advise anyone to settle on a farm in Alberta, where land is cheap and fertile, the climate beautiful, the educational advantages good and taxes low. He says the essential to success "to dig in and work hard."

## English People Are Eating More Oranges

### Several Reasons Given for Rapidly Increasing Demand

Frutellers all over England report an increasing demand for oranges.

It is estimated that more than 2,000,000 oranges were eaten last year, and this total will probably be exceeded this year.

Some of the reasons which are given for the increased demand for oranges are:

They are good for the complexion. They are of benefit in cases of sore throat.

They help to cure influenza.

They soothe the nerves.

They cure insomnia.

## Sweepsstakes at Fox Shows

The grand sweepstakes champion ship of the Fox Show, in conjunction with the Winter Fair at Vancouver, was awarded to the All-Star Fox Ranch, of Winnipeg, as well as the grand championship in various classes. Honors also went to Medicine Hat, Alberta and Summerside, P.E.I.

If you were living in Russia there would be no Christmas, because the Bolsheviks don't believe in Christmas.

It doesn't matter what planet a man is born under so long as he is able to keep on the earth.

Occasionally a man climbs so high that he rosts above everybody else—then he begins to get lonesome.

## WORLD HAPPENINGS BRIEFLY TOLD

Leipzig, Germany, has inaugurated most intensive tests known for prospective motor drivers.

School boys of England are being taken to New Zealand and instructed in farming under a plan of the Chamber of Commerce, of Tarnaki, N.Z.

Duellings with rapiers, a favorite pre-war pastime of German students, has again been forbidden by edict of the supreme court of Leipzig.

The British Admiralty has ordered the construction of a 10,000-ton cruiser. The cruiser, which is provided for in the naval armament estimates, will be built in Glasgow.

Approximately one passenger out of 8,230,000 carried is killed on Canadian steam railways, according to return to the railway department. One passenger out of each 111,000 is injured.

The Blue Star liner Arandora, 11,000 tons, fifth and last of a fleet of new vessels for a fast fortnightly service between London and South American ports, was launched recently.

Three eclipses of the sun, two of the moon and the transit of the planet Mercury over the sun's disc are all included in the program for 1927. It is stated by Professor A. E. Kotly, of the McGill Observatory, Montreal.

By an overwhelming vote the U.S. Senate refused to conciliate in open session the treaty of Lausanne, which would re-establish diplomatic and commercial relations with Turkey. The treaty is opposed by a number of Democrats.

Col. C. R. E. Willbets, commander of the Princess Patricia Regiment since 1920, with headquarters in Winnipeg, has been promoted to headquarters staff in Ottawa. Major M. R. T. Broeck will succeed Col. Willbets as commander.

Vodka drinking in Russia has become so great an evil that the commissarate of health, justice and the interior are jointly drawing up severe measures to prohibit the sale of vodka to forcibly seize strong alcoholics. Whenever they are found intoxicated and to subject them to a drastic sobering treatment in hospitals.

### Held Unique Party

British Chancellor of Exchequer Host to His Charwoman

Winston Churchill, as a boy at Harrow, always was getting into scrapes. Even today the Chancellor of the Exchequer is fond of anything out of the ordinary.

Mr. Churchill is one of the youngest of British statesmen, having just celebrated his fifty-second birthday. But his colleagues contend that he will still enjoy a joke if he lives to be a hundred.

Mr. Churchill's latest "scrape" relates to a lot of elderly women whom he met in the hallway leading to his office. All carried little bags. Wondering what delegation was calling upon him, Mr. Churchill's inquiry elicited the fact that the crowd was made up of charwomen.

They did not want to see the Chancellor of the Exchequer at all, but all were waiting for their pay. Mr. Churchill decided to get better acquainted with them. As the Christmas spirit was in the offing, the fat went forth that all these "nice old ladies" were to come into the Chancellor's office at noon the next day. And they did.

Mrs. Churchill was there, too, to assist the husband in looking after the guests of one of the strangest meal-time affairs Great Britain had experienced.

### War On Communism

British Labor Leaders Will Launch Campaign Immediately

The London Daily Express says the most influential of Great Britain's moderate Labor leaders have decided to declare open war against the Communists.

The reported decision is due to the extremist minority starting a campaign to undermine the official leaders of the union, the paper adds. The campaign against the Communists, it is understood, will be launched immediately after a conference of trade union executives to be held this month.

### Wheat Pool Membership

The membership of the Saskatchewan Wheat Pool has reached a total of 392,155 representing 1,612,159 acres of wheat land in the province.

The membership of the Ontario Grains Pool was at present comprising 37,906, covering the following acreage: oats, 1,500,766; barley, 379,357; flax, 87,820; and rye, 112,520.

There is more true philosophy in an Intel than there is in a yard of sarcasm.

W. N. U. 1663

### History In Sun Spots

#### Great Phases Occur During Phenomenon

Another great war within two years, caused by the culmination of a period of sun spots, is predicted during the possibilities, according to Prof. V. Tchijovskiy of the University of Moscow.

His paper, sent from Russia, was read before the meteorological section of the American Association for the Advancement of Science.

The Russian declared that all great wars had followed periods of intense sun spot activity.

The greatest events which the writer describes occurred during periods of sun spot activity, including the fall of the Moorish empire in Spain and the discovery of America in 1492; the French revolution in 1789; the Russian revolution of 1917, and a long series of usurpations from 1306 down to 1916; all of the crusades, the great migrations of nations; the early persecutions of the Christians.

St. Bartholomew's massacre, the downfall of Byzantium, the French reign of terror; the rise of Alaric the Gaul in 395; of Cromwell, Richelieu, Louis XIV, and Napoleon; the great battles of the world; the English civil strife from cloisters in Persia in 1270, when the sun spots could be seen with the naked eye, were also included as events which occurred during periods of intense sun spot activity.

"In 1927 and 1928," said the writer, "when the eleven year period of sun activity attains its maximum, and when this maximum will coincide with the maxima of two other periods of sixty years and thirty-five years, there will be human activity of the highest historical importance, which may again change the political chart of the world."

### Quid Proved Fatal

Colonel of Royal Irish Regiment Starved on Raw Vegetables and Biscuits

As the result of reading books on dieting, Lieut.-Col. Felix Call, formerly of the Royal Irish Regiment, and residing at Glebe Farm, Crowhurst, starved himself to death.

At the inquest conducted at Crowhurst by the Hastings coroner, Mrs. Call, employed at the farm, explained that Call had given up all eating as a rule, one orange and two grapes. His midday meal consisted of one potato, half a lettuce or two or three raw cabbage leaves, one teaspoonful of raw scraped carrots, two dry biscuits, and a little butter. He refused all other food.

A doctor stated that deceased refused to take an all-round diet which was prescribed. Death was due to heart failure following starvation. The coroner, however, in a verdict in accordance with medical evidence, observed that the starvation was self-imposed in the wrong opinion that it was the right thing to do. It was a peculiar and distorted view.

### Says Men Make Best Cooks

More Interested in Things to Eat

According to British novelist Men are more interested in food and therefore make the best cooks, declared Norman Venner, novelist in the London Soroptimist, official organ of the Soroptimist Club. "No woman should ever be a cook, as men manage much better, being more interested in things to eat," says Mr. Venner, who contends that no woman should ever be captain of a ship as the sea is too masculine an element.

No woman, he goes on, should ever charge an automatic road drill, a steam crane, a battery of hammers, or a woman should never be a soldier, sailor, tinker, tramp, professional wrestler, diver or brazier. But apart from these the world of human effort is open to the woman worker. "And for one," says the author, "only hope they will get on with it a large number."

The writer takes a firm stand in his article in the feminist magazine, especially the politicians and labor leaders here, who, he claims, in connection with the coal industry (they) "have made a mess of things."

**Manitoba Butter Makers**

The Manitoba Government duplicate the wins won by sixteen successful Manitoba butter-makers at the Royal Winter Show, by presenting them each with a cheque of a similar amount. Manitoba, in 1926, won twice as many prizes as were won by every other province of the Dominion.

Captain—"Got the location?"

Mate (pointing at map)—"If there's the Canary Islands—me! But if they're specks—heaven help us!"

Valet—"Your hairy kawlin is ready, sir. A.W. I say, Hawkins, take the bawth for me—and, Hawkins, make it a cold plunge!"—Judge.

#### CHAPTER XXIV.—Continued.

"I'm afraid I can't tell you much more than people generally know," she replied. "It came about after I left America with Yvonne. I can say, though, because no one I knew there had any confidence in me."

Prince Michael detected a seriousness in some of your repressed pain, and thought it needed observance. He sought her hand and would have put his over it, oblivious to the others at the table. Joanna brought her hand away. Quietly, she went on:

"Before then we had been quite good friends. We had some fun for a moment, some fun. He wanted some day to build. I was rather interested, much, because it wasn't anything I could understand, or wanted to. I remember, though, he objected to its being called a 'war' memorial. It was to be something commemorating soldiers themselves. All kind of soldiers, I think—not only our own, but of other countries as well. Sonchow he'd made it known about, I suppose. Now when you have a mind to talk to him about it, you will know about as much as I do."

"Might I do that?" the prince observed.

"I can't imagine anything

I'd run away from quicker than a reminder of that sort. Sentimental

Mrs. J. B. Hiltz

Mitchell White

Toronto, Ont.—"I found Dr. Pierce's Favorite Remedy in my home town. During my third expectant period I was nauseated, my nerves went to pieces and I grew weak and miserable that I could not sleep at night. I took Dr. Pierce's Favorite Prescription and from that on I got along fine. My nerves are now strong again. I grew stronger and had a very healthy time. My pregnancy has been exceedingly well. Favorie Prescription is the greatest help in motherhood. I am sure you would like to take it."—Mrs. J. B. Hiltz, 33 Sydenham St.

Your neighborhood drug store at once and obtain this Prescription in tablets or liquid, or send 10 cents to Dr. Pierce's Laboratory in Bridgeport, Ont., for trial package of tablets.

W. N. U. 1663

ready of duplicitous the idea in other countries. The generation will go any length to draw a lesson or an undisturbing memory out of the last upheaval.

Yvonne decided they had given enough of the tea hour to the merchant. She had seen that Keilworth, while he gave all parts of the conversation, was uneasy. He had studied Joanna's face constantly, and watched every changing light in her eyes and line about her lips. She posed a turn about the Casino room. "We shall have time for an hour of play in t'ent of quarterane ball," Prince Michael appropriated her at once, much to Joanna's satisfaction, and led her away along the avenue to the white terrace of the Casino hotel.

Keilworth, barging behind with Joanna, went directly to the subject that concerned her deeply. "You are not going to let his thrum up interfere with things, are you?" he asked.

"So far as I can remember," she returned, "he has never interfered much with me. I used to want to, of course, but couldn't then. I could hardly fancy him being much of an influence."

"Have you, then, completely wiped that out? As you seemed to imply that night when you invited me to join you in a kiss?"

She laughed. "That was so many ages ago, Roddy! I'd lost track of that one."

"That is evading the question," he retorted her.

"John wouldn't have me then," she said simply, "when I thought it was the one thing in all the world I wanted. I used to want to make babies. I doubt if he'd want me then. He's famous, you see, and wall on the road to prosperity. He won't need to take chances."

"Do you know," he exclaimed, irritably, "you are the most unfathomable creature within my experience?"

She was silent until they came up to the terrace steps. She answered him then, when she had been no longer of time. "Now, John," she was thoroughly fathomed this morning; a man told me he wanted me however and whenever I said, if I could just say what I'd like to say about that, I'd say that would be a damn safe bargain for a man to make with any girl. But I can't say, of course, for I must be a hypocrite and let on that I never swear."

#### CHAPTER XXV.

When Joanna Gambles

Keilworth had guided his companion around the big Casino building to the pigeon field which lies between the sea and sun, but Joanna preferred to go outside, where white terrace and into the gambling room.

In Roddy's manner, there was every sign of the truth of Yvonne's observation in the Trianon summer house at Amette; that he was worried by the reappearance of John. In the girl's scheme of things, Secretly she was disturbed by him. During the months in New York, before her departure for London and France, he had been a superficially admirable, graceful in his deportment, holding her as a man of the world who had failed to affect enthusiasm over a new joy. Then, suddenly, his attitude and his purpose had altered.

He had deliberately followed her and Yvonne to London. It was then that circle of men and women which revolved about men of his kind, young men who are old enough to be discreet, and rich enough to be idle, began to take stock of the seriousness of Roddy Keilworth in his pursuit of Joanna. Secretly she was worried by the reappearance of John. Joanna Manners. There was a great deal of boudoir grief over that.

For Keilworth was known as one who went from one affaire to another, at slight provocation, but always magnificently—generously. It was felt that if he were definitely lost to his world of sub rosa romance it would be disastrous.

It was generally wished that the young American, whose fresh youth had proved an irresistible charm were charmed into terms in which she could be won to the inevitable—or, to Roddy's determinations. In the moral course, free—she for his next feminine engagement. "For," said one young woman to her dancing partner.

"John wouldn't have me then," she said simply. "I doubt if he'd want me now."

"Yes," Joanna agreed. "That wasn't his original plan, but he seems to have adopted it. It's what he caught on to. I've read that he contends that it is always a gift that soldiers fight for. They're always left a girl of some kind at home, one like me, perhaps, or the one they're married to—or at least a mother. And mothers and wives were girls in their day. John has explained that he doesn't think girls change like fashion does. So mothers who leave them to go to fight for them, he believes, may have been quite the same reliable and worthwhile girls."

Yvonne had shot a sudden glance at Joanna, and kept her eyes on her, intently, until she flushed.

"If I remember correctly," she observed, "she did not always have the opinion that women don't change."

Joanna nodded at her. "Yes, I've been wondering if he's altered his scheme to make it permanent."

"All say rate," Keilworth remarked.

"He is in a fair way to see his project materialize. It's becoming internationalized and there is talk at

Simple Colds indicate a need of SCOTT'S EMULSION to build resistance

partner at the fashionable Embassy Club, "Roddy looks as though he's going to be serious, this time; he hasn't had a serious affair since the early days of Yvonne Coutant. He won't be a free agent until he gets over this attack, and the American is declining matters."

John Alfred Roddy Keilworth.

She had heard of him, too.

Yvonne had given enough of the tea hour to the merchant, while he gave all parts of the conversation, was uneasy. He had studied Joanna's face constantly, and watched every changing light in her eyes and line about her lips. She posed a turn about the Casino room.

"We shall have time for an hour of play in t'ent of quarterane ball," Prince Michael appropriated her at once, much to Joanna's satisfaction, and led her away along the avenue to the white terrace of the Casino hotel.

Keilworth, barging behind with Joanna, went directly to the subject that concerned her deeply. "You are not going to let his thrum up interfere with things, are you?" he asked.

"So far as I can remember," she returned, "he has never interfered much with me. I used to want to, of course, but couldn't then. I could hardly fancy him being much of an influence."

"Have you, then, completely wiped that out? As you seemed to imply that night when you invited me to join you in a kiss?"

She laughed. "That was so many ages ago, Roddy! I'd lost track of that one."

### St. John Ambulance Meeting

The general meeting of the St. John Ambulance Association was held in the Council Chambers on Sunday, Jan. 9th, and the business of 1926 was discussed and it was found that after all expenses were paid, there is still a nice surplus of \$352.55 left in the bank to start the classes again this year.

The election of officers for 1927 resulted follows:

Hon. Presidents—O. E. S. White and Geo. Kellogg.

President—R. M. Greenhalgh.

Vice Pres.—D. C. Robert.

Sec. Tres.—J. M. Rushon.

Executive Committee—B. Morris, J. Glenendenning, W. Kerr, W. H. Garner, J. Kerr.

Instructors—R. M. Greenhalgh, D. Robert, W. H. Garner.

Lecturer—Dr. Borden.

The classes are expected to start Sunday afternoon at 2 p.m. in the Central School Room, anyone wishing to take in these classes at liberty to do so.

Lieut.-Col. Sims Coming to Coleman

The Salvation Army's Young People's Secretary for Canada West, Lieut.-Col. Sims, is visiting Coleman in connection with the Young People's Work of the Salvation Army on Wednesday, the 19th of January, and will give a lantern slide talk for the children at 4:15 p.m. There is room for over 200 children at this meeting. The Captain will be giving out tickets at the school gate at noon. Don't forget to get your!

At 8 p.m. the Lieut. Col. will conduct a meeting for the seniors. Don't fail to hear the Colonel, he has had thirty-four years of Salvation Army service and can bring before us the problems of our young people of today. At the Army Hall at 4:15 p.m. for the children and 8 p.m. for the adults. Everybody welcome. Remember the date.
